

Dear Dr:

We are contacting you regarding Midwest Operating Engineers Local 150 (MOE). MOE recently joined over 5,000 group clients and their members joined two million nationwide that are covered by Delta Dental of Illinois.

You may have patients that receive their dental coverage through the MOE benefits program. Please be aware of the following:

- MOE has two group numbers: **11433 (active) and 11434 (retiree)**. This number is not on ID cards and members covered by MOE may not have this information handy.
- Benefits and eligibility verification for all Delta Dental members is fast and easy through the secure Dentist Connection at www.deltadentalil.com and through "Faxback" (a faxed document that includes commonly needed information for patient verification) available at 800 323-1743.
- **Please send all claims directly to Delta Dental of Illinois, PO Box 5402, Lisle, IL 60532, payer ID 05030 .**

MOE employees and their families will be encouraged to visit Delta Dental PPO network dentists in order to make the most of their dental benefits. If you are not a Delta Dental network dentist, please consider participation. Nearly four out of every five practicing dentists in America have joined one or more of Delta Dental's networks. Why do so many dentists choose to participate? Because participation in Delta Dental networks isn't just good for your patients – it's good for your practice. Delta Dental of Illinois would welcome the opportunity to discuss network participation with your office.

Please contact our Professional Relations department at 630-718-4990 or pr@deltadentalil.com with any questions.

Delta Dental of Illinois is committed to successful partnerships supported by the strength of Delta Dental's network.

Sincerely,

Delta Dental of Illinois
